NEITHER SIDE WON

In Van Buren Court House Fight.

The Supervisors Vote Against Election.

And Also Refuse Offer of Paw Paw.

Telephone to Evening News.

South Haven, Jan. 6.—South Haven met defeat yesterday afternoon at the hands of the board of supervisors of Van Buren county. Paw Paw's offer to build a new \$10,000 jail was also rejected. The question of removing the county seat will therefore come before the next meeting of the supervisors.

At the meeting yesterday afternoon the following resolution was offered:

"Whereas, At a regular meeting of the board held on the 14th day of October, 1899, it was decided by resolution that it be the sense of the board that the county seat of this county be removed to some place accessible to the people of the county by railroad and

"Whereas, The village of South Haven is more accessible to the majority of the residents of the county by railroad than any other town, therefore

"Be it resolved, That it is the sense of this board that the county seat of this county be removed from its present location to the village of South Haven and this board hereby designates the village of South Haven as the place to which said county seat be removed."

Supervisor Branch of Lawrence moved to amend the resolution by substituting Lawrence for South Haven and Supervisor Lobbell of Hartford wanted it amended so that it would read Hartford instead of South Haven.

Hartford agreed to give \$10,000 in cash and two acres of land for a site, while Lawrence offered to give \$5,000 in cash and its village park. South Haven offered to give \$15,000 in cash and a site that would be satisfactory to the board of supervisors.

Paw Paw, the present county seat, made the last offer. It was to the effect that if the county would bond itself for \$15,000 for a new court house that the village would build a new jail and sheriff's residence, of course it being understood that the old site would be used.

It did not take long for the supervisors to dispose of the proposition made by Lawrence and Hartford. After a warm discussion the South Haven resolution was defeated by a vote of 8 to 10. Three supervisors whom South Haven had relied upon failed to keep their promise or more likely they had made more than one promise.

The proposition of Paw Paw was then taken up and that likewise was defeated 8 to 10.

South Haven feels a little sore over the disappointment but will make a better effort at the next meeting of the board. If the question is submitted to a vote of the people it is thought there is no question about its being carried.

DIED LAST NIGHT

Mrs. James Brooks Passed Away at Bridgeman.

STRONGHOLD FALLS

Filipino Town of Comanche, on Mount Arayat, Captured.

GOOD WORK OF CONHAUSER'S MEN

Three Americans Are Wounded—The Town Burned—Barbarous Treatment of American Prisoners by the Insurgents.

Manila, Jan. 6.—Advice from Magallang, province of Pampanga, report that Capt. Conhauser, with three companies of the Twenty-fifth regiment, captured the insurgent stronghold Comanche, on Mount Arayat, Friday. Three Americans were wounded, but the enemy's loss is not known. Three members of the Ninth and two of the Twelfth regiment, whom the insurgents held as prisoners, were shot and horribly mutilated. Three of them are dead and the other two are recovering. Capt. Conhauser set fire to the barracks and the town.

PRISONERS RESCUED.

Manila, Jan. 6.—Col. Luther R. Hale, of the Thirty-third infantry, and Lieut. Col. Robert L. Howze, of the Thirty-fourth infantry, with all the American prisoners, including Lieut. Gilmore, have arrived at Vigan, province of South Ilocos.

OTIS' DISPUTE.

Washington, Jan. 6.—After a silence of several days Gen. Otis is able to notify the war department of the complete success of the military operations in northwest Luzon, the main object of which was the rescue of the American prisoners which the insurgents took with them in their flight. Although Gen. Otis does not specify Lieut. Gilmore, U. S. A., by name, the wording of his message is taken to mean that that officer was among the list of rescued prisoners. Gen. Otis' message is as follows:

(Signed) "OTIS."
"TAKE POSSESSION OF ANOTHER ISLAND."
Washington, Jan. 6.—The United States navy has taken possession of another island in the east. The news of the seizure was contained in the following dispatch:

"Cavite, Jan. 5—On December 21 Weitzel, commanding the Asiatic fleet, hoisted the flag on Subic Island and the chief duty provided and rights of the natives and North Borneo authorities passed.

(Signed) "WATSON."
The island lies at the southwest angle of the boundary line of the quadrangle enclosing the Philippine group. It is probably, but not positively, outside the line, and lies very near the coast of Borneo, commanding the principal channel between that island and the Philippines. The sultan of Jolo, whose group is close to this island, is believed to claim jurisdiction over it, and as his authority is recognized by the native tribes on the north coast of Borneo and vicinity, it is believed that his claim is well founded. It was probably at his instance that the naval officer commanding the gunboat moved.

Sawyer Man Asks for Damages.

Patricians Say Claim Is Unjust

And Applicant Falsified to Get Policy.

Thomas Rose, living near Sawyer, by his attorney L. C. Fife, has commenced a \$2,000 damage suit against the supreme court, Order of Patricians of this city.

Mr. and Mrs. Rose were both members of the order and belonged to the lodge at Sawyer. Last November Mrs. Rose was taken sick and died. She carried a \$1,000 policy with the Patricians in favor of her husband who immediately sent in the proofs of her death and asked for his \$1,000 and after the supreme officers of the lodge had carefully examined the claim they refused to pay it.

Mr. Rose now brings the suit for the \$1,000 insurance and for \$1,000 damages.

The supreme officers of the Patricians were interviewed by a NEWS reporter and they said that in justice to the members of the Patricians all over the country they could not pay the claim for several reasons.

They say that Mrs. Rose, when she made application for membership, gave her age 42 years younger than she really was and that she also swore that she had not been visited by a physician for five years previous to the time she applied for membership when it was a fact that she has been constantly under the care of a doctor for years.

It is also understood that several of the Sawyer lodge have sent in their protests against paying the claim.

The case will come up for trial at the next term of the circuit court.

BRITISH RUMOR

That Gen. French Has Entered Coleburg

By Telegraph to Evening News.

London, Jan. 6.—A special despatch from Capetown says that it is rumored that Gen. French has entered Coleburg.

FIRE A MYSTERY.

Started in a Bed on Pavone Street

Last Night

The fire department was called to the home of Monroe Shafer, 114 Pavone street, last night to put out a fire which broke out in Mr. Shafer's residence. The fire started in a bed in which the child in whose sleep it had started was a mystery as no matches had been reported in the room for hours previous. The alarm was given to the fire department, who were summoned and the amount of fire and water is estimated at \$100.

Mr. Shafer seems to think the possibility of a fire starting in his room is due to the neighbors who rendered assistance to him.

Increased Strength of Chains.
A German engineer has brought forward a new method of constructing chains so as to eliminate the weakness due to faulty material or construction, which sometimes occurs in chains made of solid metal. The method consists in winding wire into links and binding the turns of wire by dipping in a bath of liquid zinc or other noncorrosive material. The wired links may also be stiffened by being wound on an internal steel lining adapted to receive the wrappings of wire. It is claimed that chains made by this method provide equal strength with less waste of metal.—Chicago Inter Ocean.

THE LINK THAT BINDS.

JACKSON, TENN., NOV. 23.

Mrs. E. N. JOWERS.

M'CLEE'S Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

QUAY IS IN DANGER.

The Senate Committee Will Report Against Giving Him a Seat.

HEARING IN THE CLARK CASE BEGUN

Mr. Roberts Makes a Lengthy Argument in His Own Behalf Before the Congressional Investigating Committee.

Washington, Jan. 6.—The senate committee on privileges and elections Friday decided by a vote of 4 to 3 to make an adverse report upon the resolution to seat Senator Quay. The resolution was as follows:

"Resolved, That Matthew S. Quay be admitted as a senator from the state of Pennsylvania, in accordance with his appointment, made on April 29, 1899, by the governor of said state."

The members of the committee voting for the resolution were Senators Chandler, Hoar and McComas and those opposing Senators Burrows, Caferry, Pettus and Harris. Senators Turley and Pritchard were paired, the latter for and the former against the resolution.

No definite time was set for the presentation of the committee's report to the senate. The minority will also present a report, and the understanding is that the minority shall be notified by the majority when it is ready to put in its report. Senator Burrows, the only republican of the committee who voted against the resolution, will prepare the report of the majority, and Senator Hoar that of the minority.

TRADE REVIEW.

The Situation as Viewed by Two Leading Commercial Agencies.

New York, Jan. 6.—Bradstreet's says: "The business world has 'marked time' this week pending the results of annual stock-takings and the passing away of the holiday influences which usually make for quietness at this period. Aside from the strengthening of values of a number of staples, such as the cereals, provisions and cotton, which are speculatively dealt in, there has been no decided movement forward, but, on the other hand, the strength of all other staple values point to there having been no backward steps taken. Perhaps the most notable movement among leading staples is that developed in hogs and hog products, a better realization apparently being had of the features making for strength in those products, notably among which being the reduction in the supply of hogs, which, like the similar falling off in the number of cattle, has gone on for a number of years past. That the advance in hog products is beginning to attract more attention seems evident from the extent to which this advance has had sympathetic reflection in the prices of wheat and other cereals, which really trace some of the strength which has been shown this week to that source. While stocks of wheat have fallen off in Europe and shipments thereto in December were the lightest recorded for many years past, still stocks have increased in this country to nearly as great an extent. In iron and steel quiet strength has, as for many weeks past, been the notable feature. A rather more aggressive feeling is noted at Chicago, where wire and nails have been considerably advanced, and bar steel, angles and channels have also moved upward. With the country's production sold ahead as heavily as it is there is naturally little or no immediate new business offering."

R. G. Dun & Co., in their weekly review of trade, say: "Failures in 1899 were 9,333 in number, with liabilities of \$123,132,679. The last days of the year added a few to the number and some millions to the known liabilities of firms and banks which failed close to the end, so that commercial defaults reached \$90,759,889, of which \$30,792,364 were in manufacturing, \$48,921,771 in trading, and \$11,062,954 in brokerage, promoting and other commercial liabilities.

committee on privileges and elections Friday began its investigation of the charges of bribery made in connection with the election of Senator Clark, of Montana. The proceedings were begun by arguments from counsel on both sides. Mr. Clark himself was present, with his counsel, former Senator Faulkner.

Ex-Senator Edmunds appeared as leading counsel for the complainants making the first statement in support of the memorial presented again Mr. Clark. He said the complainants expected to be able to prove all the charges made, and to show that Mr. Clark's election was obtained by the liberal use of money, and large sums of money were furnished to this end by Clark.

Ex-Senator Faulkner made the formal statement on behalf of Mr. Clark. He reviewed the politics of Montana, referring to the "Daly gang and the Clark faction" in the democratic politics of the state. It was, he said, an acknowledged fact that the opponents of Mr. Clark in the state had determined to prevent his political preference, regardless of all the proprieties.

After hearing these preliminary statements, the committee held an executive session to decide upon the status of the papers before it, but after considerable discussion on the points, adjourned without action. The hearing of testimony will begin to-day.

Roberts Pleads His Case.

Washington, Jan. 6.—Representative-elect Roberts, of Utah, was heard Friday by the elections committee in his own defense. His argument was confined largely to the constitutional phases involved and regarded the allegations that he was not a citizen as the most vital of any preferred against him. He gave some attention to the relations alleged to exist between himself and Celia Roberts and Margaret Shipp Roberts, and said that there had been no testimony produced to show that he and these women appeared before the public as man and wife. He denied unqualifiedly the charge that he had contracted a third polygamous and bigamous marriage. When asked by the chairman of the committee whether, if it were proved that he had introduced several women as his wives and had reared children by them, it should be considered that he had violated the law, Mr. Roberts declined to answer.

SOUND LAST TRUMP.

Benton Harbor People Thought They Heard Its Music Late Last Night.

SUGAR FACTORY MADE RACKET.

Blew the Mighty Whistle When the Last Beet of '99 Crop Went Into Mill.

Benton Harbor people were terrified last night at about 9:30 o'clock. The big whistle at the Wolverine sugar factory began to shriek. Many citizens had never heard its voice before and there was a hurrying back and forth on the streets and the story was soon circulated that the sugar mill was burning up. Others thought it was the end of the world; and that the music of the mighty whistle was the trump of Ango Gaosco. The telephone girls were kept busy capturing the unusual tumult and it was half an hour before the excitement was over.

The sugar factory was merely holding a little celebration. At 9:30 the last beet of the '99 crop was run into the mill and the steam was turned on the big whistle and kept on until the beet had gone through the slicer and was ready for the sugar making process. The factory will run a week longer which time will be necessary to refine the syrup now on hand.

There is not much danger of the sugar factory burning. It is fire proof and composed almost entirely of brick, iron and cement.

The experience of last night and the excitement of the people when they thought the mill was on fire, shows how much the people of the city prize the new industry.

A LADY INSULTED

Who Visited the Wolverine Sugar Factory Last Evening.

A young married lady visited the Wolverine sugar factory last night in company with some lady friends. While doing the factory they piled their wraps up at the entrance of the factory. When they returned and put on their wraps for home the lady found pinned to her jacket a note which read as follows:

"If you get lonesome call me up. Telephone, No. ——"

The number of the telephone given is the number of a private residence and out of regard to the family THE NEWS omits the publication of the number. The young woman was deeply shocked and could not be hired to visit the sugar factory again. Her husband has the original note and some trouble may come out of the insult.

The first assembly was to have been held Thursday night, but the "professor" was non est.

Dowagia Republic: The Kalamazoo Telegraph gets its "specials" mixed once in a while. One, headed "Niles," says that lands in Berrien that were once or twice before cut over are now yielding large quantities of paving cedar and shingle bolts from the stumpage. The enterprise of the Telegraph—with the shears—is well known; but pine lands and cedar swamps were never prevalent enough in Berrien county to make lumbering operations in that direction worthy of note.

IN DISGUISE.

Gen. Will White Has Shaved His Mustache.

Lansing, Jan. 6.—A couple of years ago a local newspaper published what is known as the Michigan legislative souvenir, which contained large and handsome pictures of most of the state officials and many other prominent citizens of Michigan. These pictures were well executed, and the more space a man paid for the bigger picture he got. Gen. White had been quartermaster-general but a short time then. He was feeling good and went the whole length, getting a half-ton with a top of column position. This picture has often been admired by White's friends, and it is now about to be gazed upon by thousands of people who never saw it before, and with great interest, as every power official in the country.

Sheld Porter has made this picture the central feature of a book entitled "Over the Pastoral and War of Lincoln," which will be sold in the subscription office of William L. White, quartermaster-general of the state of Michigan. The editor then proceeds to say:

An exciting time followed when the news of my father for the general election. We all thought him safe in Michigan since Dec. 30, 1899, but it is known to have been on October 28, 1900, and is probably a year later. The above cut is an excellent likeness of the fat General, so that we understand to have cut off his mustache.

White is about six feet tall, weighs about 225 pounds, and is a fine, military-looking man, 38 years of age. He is a good dresser and quite sporty. Has plenty of money.

I want him badly and will pay any reasonable amount to capture him.

Wire at my expense.

W. H. PORTER, Sheriff, Lansing, Ingham County, Mich., Jan. 5, 1900.

DeScribe Sheriff of Chicago, representing the Sheriff & Deputy Sheriff of Baltimore, by whom Gen. White is bonded, is here aiding in perfecting plans for capturing the general. When in Chicago Sheriff Porter learned that White had already shaved off his mustache.

SHIP CANAL AND LAKE LEVEL

Grand Rapids Paper Says It Is Too Late To Kick.

Grand Rapids Press: The alarm alleged to be manifested at Holland and neighboring lakeports over the lowering of the lake by the opening of the Chicago drainage canal is in one sense premature and in another belated. It is clearly impossible that the slight opening made in the canal up to the present time could in so short a period have lowered the lake level a couple of feet, as is averred to be the case. The amount of water on the bars is often affected by the winds, and the residents of Holland have many times observed the phenomena without the least alarm, as they knew that a change in the direction of the wind would bring back the water in a short time.

A variation of a foot in an hour is not a very unusual occurrence. It is altogether too soon, therefore, to fall into a panic, in another sense the alarm comes much too late. The drainage canal was projected a number of years ago. The construction was begun without protest, and the lakeports have sat quietly by and seen millions of dollars expended. They knew just what was proposed, and should have felt interest enough in the matter to ascertain just how they would be affected by the completion of the enterprise. The time to object was before the millions of dollars were expended. If the canal shall now prove a detriment to the ports, they must blame their own dilatoriness.

WORK OF THE CENSUS

The Production of Cranberries in the United States Will be Looked Into.

SOME OF THE QUESTIONS.

Statements Made the Census Department Will Not Fall Into Hands of Assessors.

The census office at Washington has just issued a statement in regard to the statistics it does not care to give out, relating to the production of cranberries in this country. The department says:

Among the industries to receive special attention and special care is that of the cranberry industry. An especially important question to be used in this investigation has been proposed after much discussion, and whether it is increased fruit bearing in entire accordance for the year 1899 will have been reduced.

The main dependence in this investigation will be upon statements to be submitted and returned to him and before its success will depend very largely upon the information furnished by cranberry growers. If they cooperate cordially with the census office, the importance and extent of their industry will be fully represented in the report on agricultural fisheries and non-special agricultural industries will receive suitable public recognition. If they fail to do so, however, their industry cannot but appear unfavorably as compared with those which are more fully represented in the census statistics.

The inquiries to be made will include questions concerning the ownership of cranberry plantations, as it is of course desirable to show what proportion of the total acreage is cultivated by those who own the land, and what proportion by tenants. An attempt will be made to segregate in area the natural vines from those planted vines, and an inquiry concerning the number of vines planted during the last three years has been made in order to ascertain the number of young vines, and thus indicate in some degree the probable future progress of the industry.

There will also be two inquiries concerning the quantity produced during 1899, so as to show separately the production from natural and from planted vines.

The net value of his cranberry crop of 1899 will be asked of each producer, and care will be taken to exclude from this value the cost of packing and marketing. It is desired also to ascertain the amount paid for labor and for fertilizers during the crop year, and in accordance with the desire of many of those engaged in the industry, estimates will be requested of the extent of any reduction in the crop, below what may be regarded as the normal production which may have occurred during 1899 on account of blight, early frosts or other causes.

Probably everyone understands at this time that the work of the census office is in no way connected with taxation or the various agencies for assessing taxes, and no one will now hesitate on account of an erroneous impression to the contrary, to furnish the information asked. The census office also emphasizes the fact that there will be no disclosure of the private business of any individual, that aggregates only will be shown in its reports, and that all information received in the schedules will, so far as individual reports are concerned, be regarded as strictly confidential.

The census office has had extensive correspondence with the officers of the various cranberry growers' associations, with individual producers and with others who have manifested an interest in this branch of agricultural industry, and has made every effort to frame its schedules in accordance with their desires. It is to be hoped that these efforts will be appreciated by those who may be directly benefited by them, and that they in turn will do all in their power to assist the census office in conducting its inquiries.

A HISTORIC FACT.

Miss Vassar, of Boston, Which do you consider was the more heroic, Mr. DePunster, Joan of Arc or Maria Antoinette?

De Punster—Maria Antoinette, of course.

"Why? She surely did not have to undergo the torture at death that Joan of Arc did."

"Oh yes, she did; much more. Joan of Arc was given a hot stake, while Maria Antoinette was obliged to be contented with a cold chop!"—Harlem Life.

Old People Made Young.

J. C. Sherman, the veteran editor of the Vermilion, Mich., Echo, has discovered the remarkable secret of keeping old people young. For years he has avoided Nervousness, Sleeplessness, Indigestion, Heart trouble, Constipation and Rheumatism, by using Electric Bitters and he writes: "It can't be praised too highly. It gently stimulates the kidneys, tones the stomach, aids digestion, and gives a splendid appetite. It has worked wonders for my wife and me. It's a marvellous remedy for old people's complaints." "GOLD DUST."

"Housework is hard work without Gold Dust"

Washing Dish Cloths

Kitchen cloths must of course be washed daily, otherwise they harbor grease and odors and become unhealthy. They should be made of knit-crochet-cotton, in a square of suitable size. When you wash them, if you will add a tablespoonful of

Gold Dust Washing Powder

to the hot water it will cut the grease and clean them in half the time; dry them out in the sun-shine and air.

GEN. Joubert, the commander in chief of the Boer army, commands his forces for six days in the week and on the seventh day he preaches to the soldiers. If he is as good a preacher as a fighter his position is secure in peace as well as in war.

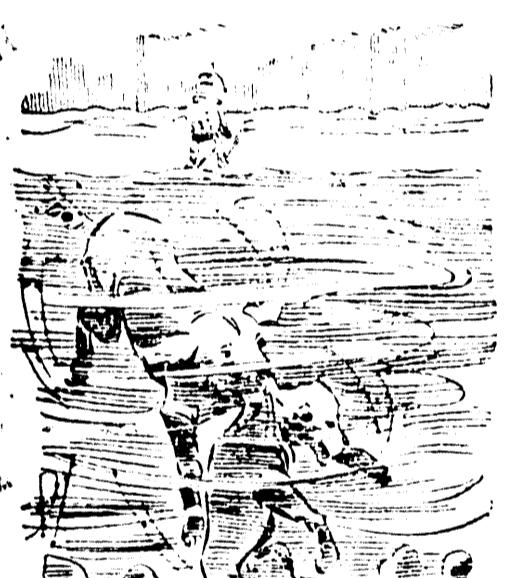

IT is no compliment to the people of this country for the census department to announce that any information given the department by individuals will not turn up in the hands of the assessors. It's like offering reward for suspects to turn state's evidence.

A FARMER living near Sebewa, Mich., Henry W. Rogers by name, started to attend religious services at the church half a mile from his home. On the way to church he fell dead. Had Mr. Rogers been on his way to a dance it would have been figured out by some people that dancing was wicked. The foolishness of the latter theory is readily seen in the instance with Mr. Rogers. Good people so often forget that the rain and sunshine visit just and unjust without discrimination.

A DOG'S REVENGE.

Newfoundland, with the Aid of a Yellow Cur, Shoots a Mastiff That Had Laid Him Low.

Mr. Charles Rogers, of Ravenswood, N. Y., owned two dogs, a Newfoundland and a cur. Next door there was a mastiff. The mastiff tore the Newfoundland terribly, so terribly that he

DROWNING THEIR ENEMY.

was laid up for some weeks, says a writer in the New York World. During this time the cur acted as his friend on watch, giving many evidences of the activity of benevolence in his soul which do not belong there.

When the Newfoundland was well again Mr. Rogers one day saw him and the cur friend rush down the avenue. He followed. They attacked the mastiff, dragged him to the East river, where the Newfoundland pulled him under the water and kept him there as long as he (the Newfoundland) could do without breath. When they came to the top the cur jumped on the mastiff's back and kept him from getting out of the water till the Newfoundland was able to take him under again.

These alternate doings of the Newfoundland and of the cur were kept up till the mastiff was dead, notwithstanding Mr. Rogers' frantic callings from the bank to his dogs to desist from their assault.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. 1-4 off Our Fifth Annual Quarter Off Sale 1-4 off

On Tuesday, January 2, 1900, we will commence our FIFTH ANNUAL 1-4 OFF SALE. You all know the reliability of these sales; for the last 5 years we have had them, and every one has been legitimate; no marking up and then reducing, but a straight 25 per cent discount all through the store. Our stock this year is as good as ever, our Dress Goods department in particular. If you need anything for early spring we would advise you to buy now, as everything will cost you much more in the spring.

Dress Goods In swell Crepons, Venetians, Marlboros, Cheviots, Goflings, Wool Mixtures, etc., cheaper than ever—think:
All \$2.00 stuff at \$1.50.
All \$1.00 stuff at 75¢.
All 50¢ stuff at 37½¢.
And good legitimate goods.

Furs Collarettes and storm collars. A good line to select from, but at prevailing prices should not last the week.

Jackets We have done better than 25 per cent on these goods; some of them being cut in two, and a large percentage going at 35 and 40 per cent off.

Battenburg and Art Linens

We sold nearly a carload of these goods during the holidays; we will close out the balance at your price.

Waists Silk, Satin and Wool. Our line is away above the average, and you should look these over.

Blankets Where will you find a better line than ours. Look the town over. These goods were dirt cheap in the first place, and with the discount off won't last long.

Underwear In this department are three lines we can't reduce, our ladies' at 23 and 35 and our gents' at 44¢, we were selling these goods at cost originally. EVERYTHING ELSE in this department at the discount; an elegant line of ribbed and flat goods to select from. Our misses' and children's stock was never more complete. See that Misses' Union Suit at 19¢.

Outing Flannels, Domestic Prints, Cambrics, Percales, Handkerchiefs, Veiling, Dimities, etc., they all go at 1-4 off.

Petticoats A swell line of mercerized goods that we want to get rid of. We have altogether too many of them. You should look at these.

Dressing Sacques What is home without one might as well be without a cook stove. They are no longer a luxury, but a necessity, winner at 65¢.

Corsets R. & G., W. C. C., Cresco, W. B., F. C., Flexibone Molded, C. C. C., and Imperial; they go at the same rate. All \$1.00 corsets at 75¢.

Hosiery This department is unsurpassed. We have nearly everything in plain hosiery that could be wished for. That Ladies' Hose at 8¢ is a winner.

Fancy Goods at your own price.

Table Linens We are harping at you again on Linens, but we can't help it; we feel that every house in this county should be supplied with our linens; not because we sell them, but because they are cheaper than our competitors. We know they are; we import them ourselves and consequently we save you our profit. And now we are going to reduce even these prices 25 per cent. Why shouldn't you buy now. Better prices than ever.

Remember we commence this sale Tuesday morning, January 2, 1900. Our experience has taught us that those who come first have the best success. We will be ready for you and will give you our best attention.

A Miner's Experience

The Awful Result of Exposure in the Mines of Michigan.

Jackson, Mich., Jan. 2.—Mr. John G. Morgan of this city tells of the terrible results of being obliged to stand and often sit in the water which accumulates on the levels of Michigan mines. The miners sometimes stand for hours in this dirty, filthy drainage water.

The exposure Mr. Morgan suffered in this way brought on the Piles. For over twelve years he suffered untold tortures from this malady. The doctors decided that nothing would help him but a surgical operation, but fortunately a friend who knew the virtues of Dr. Chase's Ointment, recommended that remedy to him for his trouble. He writes:

"During twelve years of torture almost indescribable from itching and protruding piles, life was hardly worth the living. I used nearly every kind of ointment and medicine advertised, but without any great relief."

"The doctors told me that nothing but a surgical operation would help me. However, on the recommendation of a friend I secured a box of Dr. Chase's Ointment and gave it a trial. The first application gave me immediate relief, and now—I honestly believe I am perfectly cured."

To sufferers from piles, eczema, salt rheum, pimples, cold sores and any chafing or irritation of the skin, we would say that there is but one remedy absolutely guaranteed by a responsible concern, as a cure for those troubles, and that is Dr. A. W. Chase's Ointment.

The reason why Dr. Chase's Ointment can be so guaranteed is that during the long period it has been on the market it has made a record of cures unparalleled by any other known remedy. Remember the name and take no imitation. Dr. A. W. Chase's Ointment, 50c, all druggists, or Dr. A. W. Chase Medicine Company, Buffalo, N. Y., sample box free.

A Farmer Said to a Gardener

Some men carry all their eggs in one basket and some don't. It is not a bad plan to have a reserve to fall back on whether it be an egg proposition or a financial one. Arrange your crops so as you are bound to get returns every season. You will not often experience a year when everything thrives. Neither will you find it often the case that everything fails. A prudent manager will so diversify his crops that they might bring a feast but never a famine. We desire to draw your attention to the fact that we are advertising for cucumber pickles with the farmers and gardeners of this vicinity. Come in and talk over the pickle proposition with us. We will contract for a limited acreage therefore do not put it off until it's too late. You will find us at the Van Dusen Bros. and more recently the Heinz Pickle factory, corner Euclid and Highland avenues. Contracts may also be made at Keigley & Son's grocery, corner 6th and Territorial streets. Benten Pure Fruit Products Co. 681

LOCAL BREVITIES

MEETING of board of trade next Monday evening.

THE Rescue Mission is in need of undergarments for children from 5 to 12 years of age.

THE Columbian cigar factory will put their entire force of hands at work next Monday morning.

The infant son of Mr. and Mrs. W. E. Kitteil died last evening. The remains will be taken to White Pigeon for burial.

THE Presbyterian church will observe the week of prayer commencing tomorrow and will hold meetings every evening next week.

NEXT Tuesday evening at 7 o'clock, the board of directors for the public library will have their regular meeting at Mr. Sonner's office.

THE W. F. M. S. of the M. E. church will meet in the Epworth league room tomorrow afternoon from 3 to 3:45 o'clock. Everyone is invited. Bring Bibles.

Mrs. Vincent's dancing class met in Conkey's hall last night. After the lesson dancing was enjoyed until a late hour. Prof. Fred H. Null furnished the music.

YESTERDAY was the banner day in the history of the Rescue Mission. More clothing was received than any previous day since the mission started. Besides the garments received were of an excellent quality.

MORRISON Bros., the popular shoe dealers at 102 Water street, declare that they have 20th century styles. They have certainly an up-to-date stock of footwear. See their new advertisement in today's paper.

REV. J. W. Taylor, pastor of the Christian church, will occupy the pulpit at both morning and evening services tomorrow. In the morning the service will be more on the order of a business meeting and all members are urged to be present.

This steamer Mary was towed down to Aspinwall's yards yesterday afternoon and was engaged in getting things ready to pull out on the lake. The water is very low, but notwithstanding that was all that was required and there is no doubt but she will be ready.

The funeral of the late Dr. Tyler, of Twelve Corners, was held from the family home today followed by interment in the Mortor cemetery. Seven or eight from this city attended the funeral as Dr. Tyler was well known in this community where he at one time resided.

PRESIDENT F. M. Van Horn has called a meeting of the state barbers' commission to be held in this city next Wednesday. The members of the board have run up against several hard propositions and at the meeting here they will hold council as to the best way out.

MORRILL & Morley are putting a new sprayer on the market this year which is an improvement over the Eclipse. The new sprayer has a glass jar and the person using it can see if the solution he is using is properly mixed. Another great advantage is that it will spray in two directions at the same time. The company are now employing a number of people and expect a heavy patronage this season.

This horse attached to the delivery wagon of Charles Hopkins became frightened this morning while Mr. Hopkins was out delivering, and ran down Pipestone street, part of the time on the sidewalk and part of the time in the street. The horse became detached from the wagon in front of the office of Morrill & Morley and continued its mad flight down Pipestone to West Main street, when it ran into its former home in Dr. Cole's barn. The wagon is in pretty bad shape. There was no one in the wagon when the horse started.

FASHIONABLE WEDDING.

Marriage of Prof. Foster and Miss Hendrickson of Detroit.

The Detroit Free Press of January 3 gives the following account of the marriage of Prof. Homer R. Foster, a Benton Harbor boy, and Miss Hendrickson of Detroit:

A charming home wedding was celebrated last evening at the residence of George Johnston, No. 488 Woodward avenue, when Miss Grace A. Hendrickson, sister of Mrs. Johnston, was united in marriage to Homer R. Foster, professor of biology in the Washington State University, located in Seattle.

The spacious residence was profusely decorated by Breitmeyer with white lilies and the colors of the Christmas season—green and red.

The ceremony was performed at 8 o'clock by Rev. Arthur W. Stalker, of Sault Ste. Marie. The entrance of the wedding party was announced by the Lohengrin march, played by Schremser's orchestra. The maid of honor was Miss Carolyn Johnson, who followed the little flower-bearers, Miss Margaret Johnston, and Miss Winifred Roberts. Mr. Calvin S. Gray, of Benton Harbor, acted as best man and the ushers were Mr. Carl Hendrickson and Mr. Francis X. Carmody, of Notre Dame, Ind.

At the conclusion of the marriage service, and while congratulations were offered, the orchestra rendered the Mendelssohn wedding march.

The bride wore a handsome gown of white embroidered silk mull, tulip veil, and carried a shower bouquet of white roses.

The maid of honor wore white muslin trimmed with lace and carried a large bunch of red roses.

The flower girls wore dainty frocks of white muslin garnished with red ribbons and carried garlands of smilax and red roses.

A reception for 200 guests was held from half after 8 until 10 o'clock, during which a wedding supper was served by Hair. Later Prof. and Mrs. Foster left for Seattle, their future home.

WHAT IS "BUSINESS."

Why Should Not Henderson-Ames Co. as Co-Conspirators Be Hauled Up.

Detroit News: It would be interesting to know, too, if members of the Henderson-Ames Company are to be allowed to go scot-free after having been parties to this conspiracy. The News confesses that it knows of no reason why a public official who goes wrong should be indicted while the private citizen who acted as his "goat" should be allowed to depart in peace. Too much of that sort of thing has been done already. Everything is recognized as legitimate, provided it is done in the name of "business." It is proper for the street railway manager to connive at the bribery of aldermen; it is proper for the railroad manager to send his agents to bribe legislators; it is proper for a lawyer to defraud public officials, providing he turns the trick for a client—everything that is "business" is legitimate. If Gen. White and Gen. Marsh are guilty of the offense charged against them they could not have robbed the state unless the Henderson-Ames company was an accessory to the steal. What does the jury intend to do with the members of the Henderson-Ames company? Are they to be indicted, or are they to be recommended for their astuteness and their keen business ability?

Mr. and Mrs. F. W. Sessions and children returned today from their holiday visit at Spring Lake, while Mr. Sessions went to Bronson, Mich., to look after his interest in a grocery store.

Mrs. W. J. Davis has just returned from Mishawaka, Ind. She went there on a visit two months ago and expected to return in two weeks. A friend of hers in the public schools was taken sick shortly after she arrived and she filled the position of teacher. Mrs. Davis was a teacher before her marriage.

The Ossoli met yesterday afternoon with Mrs. V. M. Gore on Morton Hill. Hell call was responded to with answers to the question, "Has the American girl too much liberty?" The unanimous opinion was that she had not and several suggested that it was her liberty which made her able of self-support. The following program was carried out: "The Mary—in History, Art and Song," Henrietta M. Harper; "Chivalry in Literature," Hallie Thresher; "Accuracy of the Author's Historical Statements," Anna G. Christopher; reading by Miss Barbara; discussion, "Are Marriages More Often Unhappy When Planned by Others Than the Participants?" The chief disputants were Homeria A. Sowers and Mamie S. Julian. The discussion was very enthusiastic and enjoyable. Mrs. James W. Pearl sang a solo and received most hearty applause and favored the club with a second selection. The next meeting will be held with Mrs. John T. Owens.

Home Forum, No. 389, has been invited to St. Joseph next Tuesday evening where they will be the guests of Home Forum, No. 380. A banquet will be served. The Benton Harbor members will meet at the home of Mrs. Jordan on Elm street and go to St. Joseph in a body.

The Quiet club enjoyed a delightful day yesterday with Mrs. J. D. Miller and Mrs. Louis Kool. The usual business was transacted, such as eating a glorious big dinner.

The Misses Helen and Louise Gore and Verne Horton very pleasantly entertained about 15 friends at the home of the Misses Gore last evening. Dainty refreshments were served.

A very pleasant meeting of the Chautauqua alumni S. H. G. was held with Mrs. Hipp January 5. After the program was concluded the circle was invited to partake of a bountiful dinner. The next meeting will be held with Mrs. Hendrix January 12 with the following program: Hell call, "Churches and Public Buildings of Paris;" map study, "The Louvre to Jardin des Plantes and the Gobelins"; Mrs. Morley; character sketch, "Mary Lyon"; Mrs. Hendrix; French lesson or science; Mrs. Ward; French lesson or science; Mrs. Prescott will give private lessons in elocution and physical culture at her home, 165 Broadview. ST. JOSEPH.

Dowagiac Republican: Evidently they have a new way of cooking turkeys in St. Joseph. One of the Kalamazoo Telegraph's famous "specials," with the stereotyped Niles heading, says the editor of the St. Joseph Press, while carving his Christmas turkey found a nugget of gold in its crop. An editor who carves the crop, and a woman who cooks it—Great Scott! what an item.

STREET CAR TRAGEDY.

For a Time Things Looked Blue for the Conductor, But the Atmosphere Cleared Soon.

"Fare!" for the fourth time demanded the conductor of a Chicago owl car of a passenger on the front platform soon after the conveyance had left the western end of the line for its third trip downtown the other morning. The lover of fresh air did not respond and the collector of nickels grew angry. He seized the

ONLY A WOODEN MAN AFTER ALL

disrespectful man by the shoulder and shook him so roughly that two buttons on his coat flew off. The conductor was about to push him from the platform, when something flew up and hit the company's representative a blow between the eyes. At this display of force the driver joined in and knocked the stranger down with the brake.

The conductor was only momentarily dazed, but the passenger lay still and not the faintest heart beat could be observed. The face of the prostrate man was closely scrutinized, but no vapor from its mouth disturbed the chill air. In alarm the driver and conductor hurried for a policeman. Fifteen minutes passed by, says the Chronicle, before the bluecoat was espied.

"Come quick to our car—we have killed a man," said the driver.

"But he struck me first and nearly killed me," explained the conductor.

"Well, if the man is dead I'll have to arrest both of you," said the policeman.

They reached the prostrate figure. It was limp and stiff. The policeman lifted it from the ground and bore the apparent corpse on his shoulder. During the few moments that had intervened it seemed as if the body had been frozen. The three with the still weight hurried to a gas lamp. There under the flickering light they discovered that the voiceless passenger was a wooden Indian which had been covered with an old overcoat and hat.

There is a Class of People

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1 as much. Children may drink it with great benefit. 15cts and 25cts per package try it. Ask for GRAIN-O.
